

C2G 20ft (6.1m) Cat5e Snagless Unshielded (UTP) Ethernet Network Patch Cable - Gray Part No. CG-00389

For fast Ethernet networks that require bandwidth-intensive voice, data, or video distribution applications. Meets all Cat5e TIA/EIA standards, and drastically reduces both impedance and structural return loss (SRL). Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality copper cable, this design minimizes Near-End Crosstalk (NEXT) levels. The molded, snagless boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a variety of colors to easily color-code your network installation.

Features & Benefits

Snagless design protects clips when plugging and unplugging Available in 10 colors to color-code a network

Standard RJ45 connectors and unshielded twisted pair wires

Available in lengths up to 150ft

Specifications

General Info

C2G	Color	Gray
757120003892	Country Of Origin	Vietnam
Commercial, Industrial, Residential	Warranty Type	Lifetime
Cable		
20.0 FT	Cable Length	20 ft
Technical Information		
PVC (Polyvinyl Chloride)	Wire Gauge	24 AWG
Booted, Ethernet Patch Cable, Snagless, Unshielded (UTP)	Jacket Rating	Standard / Non-Rated
RJ-45 Male	Adapter Front	RJ-45 Male
