C2G
RJ45 to DB15 Male Modular Adapter
Part No. CG-02926

Using modular adapters with inexpensive silver satin or flat oval twisted pair wire has become a standard way to run client server applications. Needing to connect dumb terminals on the desktop back to a central patch panel or directly to a MUX via RS-232, many network planners have implemented modular adapters as the most cost-effective way to complete the connections. Whether used in a wiring closet or throughout the office, color-coded modular adapters lend easy identification and differentiation to your cable plan.

Please Note: Picture shows this adapter before assembly; this modular adapter will need to be assembled so that it is functional. There is not a universal way to assemble them, so please contact us for details. We'll be happy to assemble any adapter (for a nominal labor charge) to fit your application so that they are ready to use upon arrival.

Features & Benefits

Adapts an RJ45 connection to a DB15 male connection

Cost-effective modular design

Color-coded for easy identification and reduced troubleshooting time

Specifications

General Info

Product Line	C2G	Color	Gray
UPC Number	757120029267	Country Of Origin	China
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Adapter		

Technical Information

Adapter Rear	DB15 Male	Adapter Front	RJ-45 Female
