

C2G

Three Port Keystone Single Gang Wall Plate - White

Part No. CG-03412

Use for ethernet, voice, audio/video, and other multimedia applications. This stainless steel wall plate has a plastic spacer that makes the keystone jack appear flush to the face. With its rugged look and ease to keep clean, this wall plate provides a professional-looking appearance in commercial and institutional environments. A variety of jacks and connectors will fill the wall plate openings to meet your specific requirements of voice, data, audio, video, fiber optic, etc.

The inserts are a snap to install and remove, so you have a highly adaptable system.

A space is even provided for identifying stations; simply write onto the white insert with a fine tip permanent marker. Compatible with NEMA standard openings and boxes, this wall plate will mount to any electrical or surface mount box, and work with any keystone jacks or keystone inserts.

Features & Benefits
