

This impact punchdown tool has an impact mechanism inside divided from the turnable body. It also has a rugged frame with a storage compartment in the tool's body for storing one blade. Made from hardened SNCM-21, the blade is interchangeable and reversible - very convenient. Plus, you can quickly change the blade without using a screwdriver.

Features & Benefits

Turnable body, separate from the impact mechanism	Rugged frame with a storage compartment in the tool's body for blade storage
Made from hardened SNCM-21, the blade is interchangeable and reversible	No screwdriver needed to change the blade
