

C2G

9.8ft (3m) LC-ST 62.5/125 OM1 Duplex Multimode Fiber Optic Cable (TAA Compliant) - Orange

Part No. CG-11129

With LC to ST termination, this high quality fiber optic patch cable is specifically designed for fast ethernet, ATM and gigabit ethernet applications. The small LC connectors satisfy the need for higher port density both in the telecom room and the work area, and offer twice the port density of traditional SC and ST fiber connectors. The LC connector with its RJ-style latch clip design is easy to engage and disengage, and gives each connection greater durability in resisting pulls, strains, snags, and impacts during cabling installs and maintenance. The ST connector features a bayonet locking system.

The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 62.5/125 multimode fiber, immune to electrical interference.

Features & Benefits

Designed to support gigabit ethernet, fibre channel, ATM, or any application that requires high speed data transfer	Patented injection molding process for greater durability
Optically inspected and tested for insertion loss	Pull-proof jacket design, immune to electrical interference

Specifications

General Info

Product Line	C2G	Color	Orange
UPC Number	757120111290	Country Of Origin	Hong Kong
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Cable		

Dimensions

Product Length US	9.8 FT	Cable Length	9.8 ft
-------------------	--------	--------------	--------

Buy American Act Compliance

TAA Compliant	Yes
---------------	-----

Technical Information

Fiber Optic Cable Type	Multimode, OM1	Jacket Material	PVC (Polyvinyl Chloride)
Bend Radius	50 mm	Simplex/Duplex	Duplex
Cable Type	Fiber Optic	Jacket Rating	Standard / Non-Rated

Data Transfer Rate	1 Gbps	Adapter Rear	ST Male
Adapter Front	LC Male	Fiber Size	62.5/125
