

This Double-Sided Vertical Cable Management Cage is an ideal solution for adding cable management to the side of a standard EIA rack. The fingers are spaced to line up with rack units, promoting efficient routing of patch cords to patch panels and equipment from the vertical cable management cage. The dual snap on hinged cover allows easy access to cables during moves, adds and changes. All necessary hardware for mounting the vertical cable management cage is included, so there are no extra parts to order.

Features & Benefits

Mounts to the side of a standard EIA rack

The fingers are spaced to line up with rack units

Dual snap on hinged covers

Includes all hardware necessary
