

When working in a wiring closet or a cabinet space is limited and cords can easily be misidentified and disconnected causing detrimental downtime. Perform maintenance tasks with confidence by using color power cords in a data environment allowing for quick and accurate identification of equipment.

**Power Up**

Connect PDUs to servers, switches, or other data center equipment. This cable can deliver 15 Amps up to 250 Volts to any connected device ensuring correct operating power

**Level Up**

Each color power cable is constructed to the highest industry standards, to ensure high-quality installs and deliver the stability and durability that is needed for reliable network performance.

**Maintain Excellence**

Allow IT technicians to perform maintenance tasks with confidence and easily locate equipment based on functionality or location, saving both time and money using color coded power cables.

## Features & Benefits

Full length color jacket with matched color connectors

Constructed of heavy duty 18AWG conductors

Rated up to 250V 10A

UL listed

## Specifications

### General Info

Product Line	C2G	Color	Orange
--------------	-----	-------	--------

UPC Number	757120174820	Country Of Origin	China
------------	--------------	-------------------	-------

Application Sector	Commercial, Industrial	Warranty Type	Lifetime
--------------------	------------------------	---------------	----------

Type	Power Cord
------	------------

### Dimensions

Product Length US	2.0 FT	Cable Length	2 ft
-------------------	--------	--------------	------
