

The 1-Port Quick Charge 2.0 USB Car Charger is an ideal solution for charging mobile devices while on long road trips or short commutes. This high-performance car charger features a compact design for easy portability and provides adjustable power outputs of 5V/1.5A, 9V/1.5A, and 12V/1.2A.

The charger includes one USB-A port to charge a single device. The charger measures voltage and automatically adjusts power outputs. Having the ability to detect the accurate current output allows for protection against overloads, which can damage valuable mobile devices.

The quick charge feature shortens charging times by up to two thirds. The power output makes this adapter the perfect solution for charging smartphones.

## Features & Benefits

One USB-A female port

Adjustable power outputs of 5V/1.5A, 9V/1.5A, and 12V/1.2A

Shortened charging time

Fireproof shell material

Blue LED indicator when powered

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120210696	Country Of Origin	China
Features	USB-A Charging	Application Sector	Commercial, Residential
Warranty Type	Lifetime	Type	Adapter

### Technical Information

Amperage	1 A	Adapter Rear	USB-A Female
Adapter Front	DC Power Plug
