

The USB-C to HDMI and VGA Multiport Adapter with Power Delivery is an ideal solution for connecting a USB-C or Thunderbolt 3 enabled laptop, tablet, or desktop computer to HDTVs, projectors, or other displays with HDMI and VGA ports and features a USB Type-C port with power delivery. This multiport adapter is a perfect accessory for Microsoft<sup>®</sup> Surface<sup>®</sup> products and other leading laptops and tablets.

This multiport adapter offers a light-weight, portable, and easy way to deliver audio/video and stay charged up while in the office or on the road. Simply connect to a USB-C equipped laptop, tablet or smartphone and display HDMI audio/video or VGA video content plus deliver power to keep those devices fully charged.

Supporting resolutions up to 4K (3840x2160 at 30Hz) for HDMI and 1920x1080p at 60Hz for VGA, this multiport adapter mirrors or extends a high-quality video image to the connected display, while delivering up to 60W of charging power to the connected device. This multiport adapter also allows HDMI and VGA to display at the same time, as well as independently.

**Note:** When HDMI and VGA ports work simultaneously, the max resolution will be 1920x1080p at 60Hz on each port.
