

Split the digital audio signal from your CD or DVD player or other digital device, and connect to both your receiver and recorder.

Input: One TOSLINK Female
Output: Two TOSLINK Female

Please Note: This splitter is not designed to connect two sources (DVD player, cable box, game system) to one destination (TV, home theater receiver). Instead, it is only designed to take one source and split its signal to go to two destinations.

Features & Benefits

Allows for splitting a digital audio signal
