

## 125ft (38.1m) Cat6 Snagless Unshielded (UTP) Ethernet Network Patch Cable - Green Part No. CG-27178

For fast Ethernet and Gigabit computer networks that require bandwidth-intensive voice, data, or video distribution applications. Meets all Cat6 TIA/EIA standards, and drastically reduces both impedance and structural return loss (SRL). Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality copper cable, this design minimizes Near-End Crosstalk (NEXT) levels. The molded, snagless boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a variety of colors to easily color-code your network installation.

## Features & Benefits

Snagless design protects clips when plugging and unplugging Sta	tandard RJ45 connectors and unshielded twisted pair wires
---	---

Available in 10 colors to color-code a network

Available in lengths up to 150ft

## **Specifications**

Specifications			
C2G	Color	Green	
757120271789	Country Of Origin	Vietnam	
PoE (Power Over Ethernet)	Application Sector	Commercial, Industrial, Residential	
Lifetime	Туре	Cable	
125.0 FT	Cable Length	125 ft	
ation			
PVC (Polyvinyl Chloride)	Wire Gauge	24 AWG	
Booted, Ethernet Patch Cable, Snagless, Unshielded (UTP)	Jacket Rating	Standard / Non-Rated	
6.2 mm	Adapter Rear	RJ-45 Male
