

Connect your multimedia PC to your TV with ease. This bi-directional video cable converts your PC's s-video with audio signal to composite audio/video or vice versa without using couplers that can cause signal loss. Quality 75 Ohm coax cable is double-shielded with 85% aluminum foil and braid to reduce unwanted noise and distortion. 24 AWG 90% spiral-wrapped copper shielded wire provides shielding against EMI/RFI interference.

The Y/C signal separation circuitry provides a bright, crisp picture from your multimedia PC to an a/v receiver, TV or monitor. In addition to fitting standard s-video jacks, the precision-engineered bi-directional cables fit both 7-pin and 4-pin jacks on desktops and laptops with a TV out jack. Gold-plated terminals ensure long-lasting, corrosion-free connections. Flexible PVC jacket enables easy installation; NTSC and PAL compatible.

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120279938	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

Dimensions

Cable Length	25 ft
--------------	-------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Audio, Video
Jacket Rating	Standard / Non-Rated	Adapter Rear	RCA Composite Video Male, RCA Stereo Audio Male
Adapter Front	S-Video Male, 3.5mm Stereo Male
