

Send a video signal from a tablet, laptop computer, or another source device with a Mini DisplayPort output port to a projector, monitor, or HDTV with an HDMI or VGA input port. This compact adapter converter is an ideal solution for use in schools, conference rooms, or other work spaces that may utilize assorted displays with varying inputs. This adapter converter is a perfect accessory for Microsoft® Surface® products and other leading laptops.

Be prepared for any meeting, presentation, or event with the full confidence that you have the right connections in an compact design. The Mini DisplayPort to HDMI or VGA adapter converter allows you to connect a Mini DisplayPort equipped laptop or tablet to a projector, monitor, or HDTV with an HDMI or VGA input port. The compact design of this adapter converter makes it a perfect fit for BYOD (Bring Your Own Device) applications in education or corporate environments.

This adapter converter carries a digital audio/video signal, supporting up to a 4K (4096 x 2160 at 30Hz) resolution for HDMI, up to 1920x1200 for VGA and meets the requirement of high performance applications. With plug and play convenience, the adapter converter does not require drivers for install and the device is powered through DisplayPort bus power, so no additional power adapters are needed. The dangle-style adapter converter reduces strain on the video port. The cable between the Mini DisplayPort connection and the adapter converter provides strain relief that protects the port from strain damage as cords are moved.
