

The USB-C 7-in-1 Compact Dock with HDMI, DisplayPort, VGA and Power Delivery connects to USB-C or Thunderbolt™ 3 enabled laptops and is perfect when traveling for business or when working from home # making it ideal for outside reps that need the essential connectivity while on the go or at home.

This USB-C compact dock supports up to 60W of power delivery to charge and power mobile laptops when using the USB-C power adapter that is included with the laptop. The maximum power capacity depends on how much power the connected adapter can supply. The right amount of power is necessary to keep the laptop battery charged, for all connected devices to function, and for the dock to provide that connectivity.

This compact dock includes a DisplayPort, an HDMI, and a VGA port, all supporting resolutions up to 1920 x 1080 at 60Hz. The USB-A ports support SuperSpeed USB 5Gbps data transfers # allowing up to 32GB of data to be downloaded in under a minute. The USB-C port supports SuperSpeed USB 10Gbps # allowing for twice the amount of data at the same speed as the USB-A ports. Optimize performance by connecting displays designed for 1080p signals and USB devices designed for 5Gbps transfer speeds.

PORTS

- HDMI: Connect to an HDMI display via the HDMI port.
- DisplayPort: Connect to a DisplayPort display via the DisplayPort port.
- VGA: Connect to a VGA display via the VGA port.
- 1x USB-C: Connect storage devices and transfer data up to 10Gbps through the USB-C port.
- 1x USB-C Power Delivery: Power a laptop or tablet with up to 60W power delivery.
- 2x USB-A: Connect storage devices and transfer data up to 5Gbps through the USB-A ports.
