The Ultima SXGA cable optimizes style, quality, and value in a cable specially designed for high performance. This y-cable splits the VGA signal to provide simultaneous display of the same picture. It is constructed from 3 individually-shielded 75 Ohm coax and 4 twisted pair cable to minimize crosstalk, noise, and other EMI/RFI interference.

An aluminum undermold shield assists in reducing interference to meet FCC requirements, while a 360° solder-to-connector shell and cable braid create an end-to-end shielding solution for a noise-free connection.

24k gold-plated connectors provide maximum corrosion resistance for error-free data transfer. The charcoal gray cable jacket not only matches your case but disappears behind your desk leaving a clean organized look. The sleek design of the molded connectors makes them easy to grip. Finally, an ultra-flexible jacket and oversized thumbscrews make installation easy.e

Please Note: UXGA provides a screen resolution of 1600 x 1200 pixels.

Features & Benefits

Supports a resolution of 1600 x 1200 pixels

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120296102	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable, Splitter		

Dimensions

Product Length US	1.0 FT	Cable Length	1 ft

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Video Resolution	SXGA (1280x1024)

Cable Type	Video	Jacket Rating	Standard / Non-Rated
Adapter Rear	VGA Female, VGA Female	Adapter Front	VGA Male
