The Ultima USB cable optimizes style, quality, and value in a cable specially designed for high performance. Just plug-and-play for USB devices with the mini-b port, and this cable will deliver high speed data transfer up to 480 Mbps. Two 24 AWG and two 28 AWG heavy duty wires provide the proper current to your USB device. Dual foil and braid shielding reduces EMI/RFI interference while twisted pair construction helps reduce crosstalk thus ensuring high speed, error-free data transfer.

The sleek design of the molded connectors makes them easy to grip. The metal connector shield helps to meet FCC requirements on EMI/RFI interference, while a solder-to-connector shell and cable braid create an end-to-end shielding solution for a noise-free connection.

24k gold-plated connectors provide maximum corrosion resistance for error-free data transfer. The charcoal gray cable jacket not only matches your case but disappears behind your desk leaving a clean organized look. Finally, an ultra-flexible jacket makes installation easy.

Features & Benefits

Use to connect Mini-B USB devices to a PC, hub or Mac® 24k gold-plated connectors provide maximum corrosion resistance

Available in lengths up to 5m

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120296522	Country Of Origin	Vietnam
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

Dimensions

Product Length US	9.8 FT	Cable Length	9.8 ft

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	USB
Data Transfer Rate	480 Mbps	Adapter Rear	USB Mini-B Male
Adapter Front	USB-A Male
