

The USB-C to Ethernet Adapter with 3-Port Hub is an ideal solution for wired network connectivity and data transfer on the go, in the office, or any work space. This adapter connects to a USB-C or Thunderbolt 3 enabled laptop, tablet, or desktop computer and features an Ethernet port and three USB 3.0 ports. This adapter is a perfect accessory for Apple®, Microsoft® Surface®, and other leading laptops and tablets.

The small form factor of this adapter makes it a portable and convenient solution that provides a Gigabit Ethernet port for a wired internet connection and three USB 3.0 ports to connect peripheral devices. The adapter is perfect for connecting to networks where Wi-Fi® is unavailable or for computers that do not provide a wired Ethernet port or possibly have a damaged Ethernet port.

The Ethernet port allows for reliable internet connectivity and file transfer speeds up to 1000Mbps, while the three USB 3.0 ports enable transfer speeds up to 5Gbps.
