

C2G HDMI® over IP Encoder - 4K 30Hz (TAA Compliant) Part No. CG-29975

The HDMI over IP Encoder allows HDMI audio/video signals to be extended at up to a 4K resolution via Cat6 or Cat6a cable. The encoder is compatible with the HDMI over IP Decoder (29976) to support multiple configurations and offers the flexibility to support a digital signage system, video wall, point-to-point extension, including multi-view capabilities, and the ability to create scalable audio/video matrix switching to over 600 devices. HDMI over IP solutions are perfect for retail, corporate, security, and education environments.

The exceptionally low bandwidth requirements of this device combination allows for streaming audio/video content over a local network and over the Internet for distributed installations. The encoder accepts a 4K video @ 30Hz and streams the content to an H.264/H.265 decoder to be displayed on a 4K monitor. The encoder may also send H.264/H.265 video streams to other H.264/H.265 compatible decoder devices.

The device supports PoE (PD) and may be powered by a PoE (PSE) Ethernet Switch.

Note: When installed in an electrically noisy environment, an STP cable must be used. Also, cross-connection reduces the effective distance depending on the grade of twisted cable used.

Features & Benefits

Supports an HDMI input video resolution up to 4K @ 30Hz

High image quality and 200ms latency in low latency mode with H.265

Supports embedding of 2CH audio

PoE powered, via PoE (PSE) Ethernet Switch

H.264/265 video codec, excellent for LAN and Internet transmission

Supports Multicast, RTSP, RTMP, HLS, FLV and TS

Stereo audio and directional IR inputs with a Serial RS232 control port $\,$

Specifications

General Info Product Line C2G Color Black UPC Number 757120299752 Country Of Origin Canada Application Sector Commercial, Residential Warranty Type 5-Year Type Active Device, Encoder

Dimensions			
Product Width US	4.37 in	Product Height US	0.99 in
Product Length US	4.42 in		
Listing Agencies / 3rd Party Agencies			
CE Certified	Yes		
Technical Information			
Video Resolution	1080p, 4K, 4K 30Hz	Adapter Rear	RJ-45 Female
Adapter Front	DB9 Female, 3.5mm Female, 3.5mm Female, HDMI Female, USB Mini-B Female
