C2G

1000ft (304.8m) Cat5e Bulk Shielded (STP) Ethernet Network Cable with Solid Conductors - In-Wall CM-Rated - Blue
Part No. CG-32388

This in-wall rated Cat5e cable is perfect for creating custom length horizontal network cable runs. This cable meets all Cat5e TIA/EIA standards, and is designed to reduce both impedance and structural return loss (SRL). Each of the individual pairs are constructed from high quality copper cable and are bonded together to help maintain the twist-spacing up to the termination point. This design helps to minimize Near-End Crosstalk (NEXT) levels. The cable is foot-marked on the jacket indicating the amount cable remaining spooled in the easy-to-use pull box.
