

The HDMI and USB Pass-Through Wall Plate is perfect for the transition to in-wall cabling. The HDMI pass-through port includes a thin, flexible HDMI pigtail that accommodates the tight bend radius required for installations within a standard junction box. The USB pass-through provides support for passive extensions of up to five meters of total cable length, but may be used with an active USB extension solution for longer distance connections. Constructed of aircraft grade aluminum, this wall plate is designed for durability and a long life.

Features & Benefits

Support for passive extensions of up to five meters Allows for in-wall cabling transition

Accommodates tight bend radius for installations Supports longer distance connections with active USB extension solution

Durable and long-lasting construction

Specifications

General Info

Product Line	C2G	Color	White
UPC Number	757120397021	Country Of Origin	Vietnam
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate		

Dimensions

Product Width US	1.29 in	Product Height US	4.13 in
Cable Length	4.33 in		

Technical Information

Video Resolution	1080p, 4K	Adapter Rear	HDMI Female, USB-A Female
Adapter Front	HDMI Female, USB-B Female
