

Our audio y-adapter cable splits an audio signal or adapts from one connection to another to meet your application needs. This cost-effective cable is quality-made to deliver crisp, clear sound for less. Brass/nickel-plated plugs connect to 26 AWG spiral-wrapped copper-shielded wire. The dual conductor is shielded to protect against EMI/RFI interference. The connectors are fully molded to provide excellent strain relief for durable use.

Features & Benefits

Cost-effective and quality-made

Fully molded connectors for excellent strain relief

Ensures high-quality audio output

Protects against signal loss and distortion

Dual conductor shielded against EMI/RFI interference

Versatile cable for various audio applications

Durable and long-lasting construction
