

Add the finishing touch to audio/video installations with a feed-through wall plate. This wall plate is designed to mount in standard electrical boxes or mud rings. The thick stainless steel composition provides better protection than plastic wall plates in commercial environments where constant wear and tear causes damage.

Feed-through connectors and identification markings make this wall plate simple to install and easy to connect equipment. Furthermore, it is compatible with any existing wiring network. The single gang design offers connectors for HD15 and 3.5mm stereo audio together in one wall plate. Feed-through connectors are designed to offer lossless signal transfer and maximum insertions for a lifetime of service. Mounting hardware included.

## Features & Benefits

Passive, pass through design

Durable, aircraft grade aluminum construction

Designed to fit standard single gang wall boxes

## Specifications

### General Info

Product Line	C2G	Color	Aluminum
UPC Number	757120405054	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate		

### Dimensions

Product Width US	4.53 in	Product Depth US	0.12 in
Product Height US	2.75 in		

### Technical Information

Video Resolution	UXGA (1600x1200)	Cable Diameter	8.35 mm
Adapter Front	3.5mm Stereo Female, VGA Female
