

C2G
Discontinued - Thunderbolt™ 3 USB-C® 10-in-1 Dual Display Docking Station with 4K HDMI®, Ethernet, USB, SD Card Reader, 3.5mm Audio and Power Delivery up to 135W
 Part No. CG-54429

The Thunderbolt 3 USB-C 10-in-1 Dual Display Dock connects to Thunderbolt 3 enabled laptops and features 135W of power, making it ideal for commercial workstation laptops that need more video outputs, more connected peripherals, and the ability to transfer data while staying charged. This Thunderbolt 3 USB-C Display Docking Station has been tested for full compatibility with Windows, Mac, and Linux operating systems.

This Thunderbolt 3 USB-C Dual Display Docking Station offers 135W to support connected devices, such as keyboards, mice, portable hard drives, and other peripherals, all while supporting up to 60W of power delivery to charge and power a commercial workstation laptop when using the USB-C power adapter that is included with the laptop. The maximum power capacity depends on how much power the connected adapter can supply. The right amount of power is necessary to keep the laptop battery charged, for all connected devices to function, and for the dock to provide that connectivity. Laptops or tablets that require more than 135W charge at lower speeds.

Supporting two displays with resolutions up to 4K (3840 x 2160) at 60Hz for high definition images and video makes this docking station a perfect desktop solution, whether you are in the office or working from home. The USB-A ports support SuperSpeed USB 5Gbps data transfers # allowing up to 32GB of data to be downloaded in under a minute. The Thunderbolt 3 ports support data transfers up to 40Gbps # 8x faster than SuperSpeed USB 5Gbps. The Ethernet port allows for reliable connectivity with file transfer speeds up to 1000Mbps. Access multimedia content quickly with the SD 3.0 card reader that supports SD, SDHC and SDXC up to 128GB. Optimize performance by connecting displays designed for 4K 60Hz signals, USB devices designed for 5Gbps transfer speeds and Thunderbolt 3 enabled devices.

PORTS

4K HDMI: Connect to a 4K display via the HDMI port.

1x Thunderbolt 3 Video and Data: Connect to a 4K display and transfer data up to 40Gbps from a storage device.

1x Thunderbolt 3 Power and Data: Transfer data up to 40Gbps from a storage device and power a commercial laptop with up to 60W power delivery.

4x USB-A: Connect storage devices and transfer data up to 5Gbps through the USB-A ports.

1x USB-A with BC 1.2: Connect storage device and transfer data up to 5Gbps through the USB-A port. This port supports BC 1.2 for enhanced mobile device charging. Gigabit Ethernet: Connect to local network for network and internet access.

Combo Audio Jack: Connect headphones, speakers, and headphone/microphone sets for audio output and input.

SD 3.0 Card Reader: Insert SD memory card for data transfer.

Features & Benefits

135W power supply to support connected displays and devices

Supports up to 60W of power delivery to keep your laptop charged

Supports HDMI and Thunderbolt 3 resolutions up to 4K, for viewing your screen content at full HD

USB-A ports for fast data transferring

BC 1.2 USB-A port for enhanced mobile charging

Thunderbolt 3 port supporting 40Gbps data transmission or 60W power delivery

Hard wired Ethernet port for when security requires it or when WiFi™ is not available

SD Card Reader to transfer pictures, video, or other multimedia

Reversible, symmetrical USB-C connector, so no guessing how to plug it into your laptop

Compatible with Windows, Mac, and Linux operating systems

5 year warranty, for peace of mind – with the highest quality docking stations

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120544296	Country Of Origin	China
Features	Dual Display, Thunderbolt™ 3, USB-A Charging	Works With	Linux, MacOS, Windows
Application Sector	Commercial, Residential	Warranty Type	5-Year
Type	Active Device, Docking Station		

Technical Information

Wire Gauge	34 AWG	Video Resolution	1080p, 4K, 4K 30Hz, 4K 60Hz
USB Power Output	60 W	Amperage	3 A
Data Transfer Rate	40 Gbps	Adapter Rear	USB 3.0 A Female, USB 3.0 A Female, USB 3.0 A Female, RJ-45 Female, USB-C Female, USB-C Female, USB 3.0 A Female, HDMI Female, 3.5mm Female
Adapter Front	USB-C Male, USB-C Male	Power Delivery	60 W
Voltage	20.0 V
