This plenum rated Cat6 cable is perfect for creating custom length horizontal network cable runs. This cable offers an exceptional value for jobs that require standards compliance at a cost-effective price and meets all of the ANSI/TIA-568-C.2 specifications. It also offers other features that make it easier to use, save on installation time and expense, and ensure product quality during the installation. This cable features markings in feet and meters, which marks the exact amount of cable remaining in the box, and a wide opening for the payout design, which reduces tension on the wire as it is pulled during installation.

Features & Benefits

Plenum, CMP-Rated jacket	Meets ANSI/TIA-568-C.2 specification
Foot and Meter marked to show the amount of cable left in the box	Alpha numeric code printed every 2 feet for easy identification of cable runs
