This Single-Sided Horizontal Cable Management Panel is an ideal solution for managing cables within a rack or cabinet in a wide variety of applications. This panel is designed to mount on any 19in EIA style rack or cabinet, and features a unique finger design that protects cables from damage while the cover mounts with six hinge clips to allow the door to be opened one-handed without becoming unhinged. The fingers begin 3/4in from the face of the rack to provide cable bend limitation that protects the cables and equipment – ensuring optimum network performance. This panel includes mounting hardware, so there are no additional parts to order.

Features & Benefits

Available in 3RU and 4RU sizes	Rack mounting hardware included
Fingers begin 3/4in from the face of rack to provide bend limitation for cables	Includes cover
